

# TITANUS Embedded Lite-Series

The **TITANUS Lite** NVR / Hybrid system providing high performance video surveillance recording, cutting edge video analytics monitoring and flexible management capabilities for various industries segment included retail, office, manufacturing, residential and more.

**TITANUS X2 / X5**

**TITANUS M3 / M5**

Going deep into the TITANUS DVR/ NVR / Hybrid system, with Intel® HD Graphics integrated into the CPU, the TITANUS NVR / Hybrid system easily handle 16 channels Megapixel Video CCTV live viewing and recording simultaneously. The lower CPU consumption used by video decoding allow the system for other operation such as remote hardware management by TITANUS i-Doctor.

Model	TITANUS M3 / M5	TITANUS X2 / X5
Form Factor	Tower	Desktop
Hybrid	DVR / NVR / Hybrid	NVR only
Max. Channels	16 Channels	8 / 16 Channels
OS	Windows 7 Embedded 64bit (SSD for M5)	Windows 7 Embedded 64bit (SSD for X5)
CPU Platform	Intel® Core™ i3 / Intel® Core™ i5 Processors	Intel® Celeron® Processor G540 / Intel® Core™ i5 Processors
No. of HDD	3 (3.5" HDD)	2 (3.5" HDD)
Surveillance System	GeoVision	GeoVision
Remote H/W Manageability	Yes, Optional	Yes, Optional
System Protection	TITANUS i-Shield (TITANUS M5)	TITANUS i-Shield (TITANUS X5)
Watchdog	Built-in	Built-in
Browser	iPhone / iPad / iPod Touch / Android Smartphone / Andriod Tablet
